WORK EXPERIENCE

Phenergy Solutions – *Social Media Handler*

January 2023 — October 2023

- Managed content creation and curation with the aim of increasing user engagement.
- Responded to inquiries promptly, facilitating a positive online community and improving customer satisfaction.
- Collaborated with different teams to execute successful social media campaigns.
- Oversaw multiple social media platforms while implementing a cohesive strategy that resulted in a growth in followers.

Nalo Solutions – *Student Intern*

June 2019 — July 2019

- Deployed and configured servers using Centreon to monitor critical components of the IT infrastructure.
- Configured Centreon monitoring settings, defining hosts, services, and monitoring parameters to ensure comprehensive coverage.
- Established alert thresholds and notification settings to promptly identify and address potential issues before they impact system performance.
- Integrated and customized monitoring plugins within Centreon to monitor specific applications, services, or hardware components.

Computer Warehouse Group – *NOC Intern*

July 2018 — August 2018

- Responded to alerts and alarms promptly, taking appropriate actions to address and mitigate potential issues.
- Worked closely with infrastructure and network engineers to implement changes, upgrades, and optimizations based on established protocols.
- Assisted in troubleshooting network problems, collaborating with senior team members to resolve issues promptly and efficiently to minimize downtime.

PROJECTS

Arogah E-Commerce

A responsive e-commerce platform, showcasing full-stack web development skills. Implemented secure payment gateways, user accounts, and dynamic shopping cart functionality to enhance the user experience.

Frugal Funds

A budget management web application designed to help users track their expenses and manage their finances efficiently.

Chef Chapters

A web app that allows users to keep track of their recipes, ingredients, and inventory while also allowing users the ability to share their recipes if they choose.
